Important Questions	Answers	Why This Matters:
What is the overall deductible?	$ 0	See the Common Medical Events chart below for your costs for services this plan covers.
Are there services covered before you meet your deductible?	Yes. All services *except for:* temporomandibular joint syndrome, skilled nursing care, and weight loss programs are covered before you meet your deductible.	This plan covers some items and services even if you haven't yet met the deductible amount. But a copayment or coinsurance may apply.
Are there other deductibles for specific services?	Yes. $50 for temporomandibular joint syndrome, $100 for skilled nursing care, and $100 for weight loss programs.	You must pay all of the costs for these services up to the specific deductible amount before this plan begins to pay for these services.
What is the out-of-pocket limit for this plan?	There is no out-of-pocket limit for overall medical expenses. For prescription drugs, it is $2,000.	This plan does not have an out-of-pocket limit on your overall medical expenses. The out-of-pocket limit of $2,000 is the most you could pay in a year for covered prescription drugs.
What is not included in the out-of-pocket limit?	Premiums, balance-billing charges, penalties for failure to obtain precertification and health care this plan doesn't cover.	Even though you pay these expenses, they don't count toward the out-of-pocket limit.
Will you pay less if you use a network provider?	Yes. See www.bcbsil.com or call 1-800-810-2583 for a list of network providers.	This plan uses a provider network. You will pay less if you use a provider in the plan's network. You will pay the most if you use an out-of-network provider, and you might receive a bill from a provider for the difference between the provider's charge and what your plan pays (balance billing). Be aware, your network provider might use an out-of-network provider for some services (such as lab work). Check with your provider before you get services.
Do you need a referral to see a specialist?	No.	You can see the specialist you choose without a referral.
