Grandfathered Status – Wabash believes that the plan is a “grandfathered health plan” under the Patient Protection and Affordable Care Act. As permitted by the Act, a grandfathered health plan can preserve certain basic health coverage that was already in effect when the law was enacted. Being a grandfathered health plan means that your plan may not include certain consumer protections of the Act that apply to other plans, but must comply with certain other consumer protections in the Act. You may contact the Employee Benefits Security Administration, U.S. Department of Labor at 866-444-3272 or www.dol.gov/ebsa/healthreform, or U.S. Department of Health and Human Services at www.healthreform.gov for protections that do not apply to the grandfathered health plans.
